

Commercial Encroachment (13 comments)

commercial and high density encroachment

Business disregard for residential communities.

adjacent high rise construction such as 14th Street, and, the increased commercialization of Colony Square's amenities

tall, new buildings on the outskirts of the neighborhood

encroaching commercial development

Encroachment

Uncertainty about building plans in lots adjoining Ansley - eg on Peachtree

Impact Colony Sq will have on our neighborhood

City Council approval of any and all high-rise construction surrounding Ansley Park with no concern to population and traffic density, and property tax "give aways" to builders, allowing builders to own the streets we use for transportation on foot and auto. Homeowners cannot be the major financial support for the city and Atlanta City schools.

encroachment from Piedmont/Peachtree

Encroachment from Peachtree and Piedmont

Urban encroachment
