

## **Parks/Greenspace (16 comments)**

---

*Preserving the parks*

*preserve green space*

*We should be planting more new trees in our parks, as the lovely old dears are falling down from age.*

*Protection & support of public land.*

*Ansley's outdoor spaces*

*Lack of cohesiveness in Winn Park with regard to traffic, grounds , more park like sitting like wooden benches, less stone and concrete.*

*Ansley Beautification should include the two parks, 17th street park and alley between Westminster and 17th Street. Take down old private property sign in the 17th street park which conflicts with the Atlanta City Parks sign. This park is public.*

*maintain the parks*

*Protect Parks and Trees*

*maintaining parks*

*Is any organization responsible for blowing the leaves off of the tennis courts in McClatchey park?*

*My greatest concern is the corruption of natural green space by making them overly accessible.*

*Our parks becoming a destination for outsiders treating them like Piedmont Park, no regard to trash and the environment. Happy to share but wish visitors would be more respectful. The homeless population taking up residency is a concern in certain areas.*

*threats to our green space*

*Swamp and mosquitoes in Yonah Park*
